6 classes
5 elements of art
\$90 per student

WHAT IF YOUR CHILD'S ART CURRICULUM CAME ALIVE IN A REAL ART STUDIO?

My experiences as a artist and teacher of all ages since 1996 have allowed me to teach hundreds of kids and adults. Before opening my own studio in 2007 I taught children & adults around studios in Nashville including the college level (Omore College of Design, Associate Professor of Fine Arts). Art Life is open to your home school children to allow them to experience high quality materials, encouragement and exploration, and an education in fine art/design.

Art Life is excited to work with home school families to accommodate your art education needs. Please see my sample syllabus to the right for the semester. I focus on the 5 elements of art and use a new medium each week to help illustrate the ideas. My studio can also custom build a workshop or method to help you teach and illustrate a curriculum block or concept.

Price is \$90 per student for 6 classes.

week 1: **Line** is drawn and studied using the lithography press.

week 2: **Shape** a lesson in using shape and pattern/repetition in clay.

week 3: **Value** the lightness or darkness of a color...working with watercolor and painting techniques we will create value scales and work off a still life

week 4: **Texture:** the surface treatment of a work of art, either visual or tactile. We will learn about collage and mixed media small sculpture or 2-d plane.

week 5: **Color:** the primary hues (blue, yellow, red) will be mixed and we will use paints to create a color wheel and mixed colors. Also a complementary and contrasting color project

week 6 **Artist's pick**...free work on a technique they have been most intrigued by. I will help students develop a project that works within time.

acrylic on canvas
"peace and love"
an exercise in rhythm

WHAT WILL WE LEARN??

My home school art classes are held in my home studio. A beautiful space created to serve all artists of all ages. I have created a small and encouraging space where my desire is to teach REAL design principals and fine art elements to your home school students. There is plenty of room to spread out on my large work tables. A lot of sunlight and we use only high quality art materials. The studio has a pottery wheel, a lithography press, and a full size pottery kiln. You may choose to attend 1 or 2 days a week.

Art Life Spring Semester begins February 6, 2012

Class Size & Dates??

class size is limited to 8 students, but classes must have 5 students to run. *Art Life* reserves the right to cancel class if minimum is not met.
